

Wedding Design Tips

- ◇ Personalizing your wedding will ensure that it is unique to you, your family and friends. Incorporate a special item that relates to you and your fiancée.
- ◇ Carry your design and theme throughout the entire wedding. Beginning with the save the date cards and ending with your thank you notes. Your design and theme can be displayed with your linens, floral, food, cake, guest favors, jewelry, programs, lighting, and so much more.
- ◇ Out with the Old, New, Borrowed, Blue??? Not so fast. There are great and unique ways to incorporate these items into your perfectly designed wedding. Like adding your initials in blue rhinestones in the bottom of your shoes!!
- ◇ Your color scheme is a big part of your design. Make sure that items such as flowers, linens and stationary are readily available to match the colors you have selected.
- ◇ Music can be a great way to involve your guests with you theme. Salsa, Disco, Contemporary, Jazz all have a unique style of their own. Playing some key songs related to your theme will give guests a chance to learn a new dance and experience something new.
- ◇ Specialty drinks are a fun item and can be easily incorporate into your theme. Available with and with out alcohol, these drinks are sure to be refreshing to your guests.
- ◇ Have fun!! Stay informed by reading magazines and searching online. The sky is the limit. Be sure to ask lots of questions because almost anything is possible.
